THE PENDULUM IS NOW SWINGING TOWARD WILSON

California Remains in the Wilson Column, Defying Incoming Returns to Materially Reduce President Wilson's Lead of 5,000. Minnesota Is Staging the Most Spectacular Contest of all, and the Candidates Whipsawed for the Advantage all Through the Long Night. First one and Then the Other led.

NEW HAMPSHIRE SWITCHES TO THE PRESIDENT

Republican Nominee Has Margin of 3500 in West Virginia Counting With Number of Precincts Missing.

May Take The Official Count and Several Days' Work to Ascertain Definitely the Winner.

New York, November 9.—(Associated Press)—The election passed into the second day of uncertainty with President Wilson and Charles Evans Hughes running neck and neck and awaiting anxiously the count in a few western states, the pivotal ones being California, with 13 electoral votes, Minnesota with 12, New Mexico with 3 and North Dakota with five.

Although still so close that the result could not be regarded as assured, indicative overnight returns seemed to place West Virginia's eight votes in the Hughes column and give the four votes of Idaho and seven from Washington to President Wilson.

The Hughes total thus becomes 247 and the Wilson total 251, with 266 necessary to choice.

After so disposing of these previously doubtful states from which the returns are still incomplete the situation appeared to be as follows:

President Wilson can win with either California or Minnesota, but in addition he must get either North Dakota or New Mexico.

Mr. Hughes to win must have both California and Minnesota, or either one and in addition both North Dakota and New Mexico.

In California, President Wilson has a lead of nearly 5,000, with about one tenth of the state precincts missing. Both sides still claim the state.

In Minnesota the most dramatic race of all was being run hour by hour. During yesterday President Wilson's lead of 10,000 slowly melted down before the Hughes vote from the rural districts until it was wiped out.

Then the Wilson vote began coming in again only to be offset by a Hughes burst, and so the contest whipsawed all night with first one ahead and then the other. Early this morning Mr. Hughes is credited with a lead of approximately 1,000.

Mr. Wilson had a lead of over 1,000 votes on the latest returns from North Dakota, with nearly 200 districts unreported. Both party leaders claim the election.

With the count half in from New Mexico, Mr. Hughes has a margin of about 300.

New Hampshire today reports a plurality of 93 for Mr. Wilson. A recount is a practical certainty.

The latest returns from Washington today apparently give the state to President Wilson by approximately 10,000 plurality.

Idaho was taken from the doubtful column today and gives Mr. Wilson a lead of more than 10,000.

It is expected his lead will mount to the vicinity of 13,000, when all districts have reported.

Mr. Hughes has a lead of over 3,500 on the returns early today from West Virginia.

Returns from the missing states were anxiously sought by the campaign managers at both Democratic and Republican headquarters today.

Both sides claimed the election of their respect-

LEGISLATURE OF BUCKEYEDOM

Indications Now Point to a Democratic Legislature Favorable to Gov. Cox.

By Associated Press Dispatch.

Columbus, O., November 9.—Interest in Ohio today centered on the make up of the legislature which will convene the first of the year.

The returns show that Cox will be aided in his administration by a Democratic legislature. Both houses appear to have substantial Democratic majorities.

Indications are that the legislature will be divided on the wet and dry question. State Anti-Saloon League headquarters today claimed a dry majority in the lower house, but conceded the wets have a majority in the Senate.

Until this morning Republican leaders had held out hopes that Attorney General Edward C. Turner had been elected. This morning, however, Mr. Turner conceded the election of Joseph McGhee, of Jackson. The vote was, Turner, 297,218, McGhee, 302,653, in 34 counties.

BOTH SIDES ARE CERTAIN OF VICTORY

Sentiment in Favor of Demanding a Recount in Doubtful States Is Growing at Both National Committee Headquarters.

By Associated Press Dispatch.

New York, November 9.—With five states still in doubt, the National Committee chairmen of the Republican and Democratic parties were unwilling to concede this afternoon that the opposing presidential candidate has received a sufficient number of electoral votes to win.

Meanwhile, it was indicated at both headquarters that in states where a vote was close a recount would be demanded.

Both sides again announced they were taking precautions to guard ballot boxes.

Vance McCormick, Democratic chairman, reiterated emphatically his claim of yesterday that President Wilson would be reelected with 288 electoral votes, 22 more than enough to bring him to victory.

McCormick claimed North Dakota, California, New Mexico and New Hampshire, and insisted the Democrats had a good chance to win Minnesota.

Republican Chairman Wilcox said he stood by his statement of last night that Hughes would get at least 280 electoral votes.

FOR SUFFRAGE

By Associated Press Dispatch.

Columbus, O., November 9.—The Columbus Evening Dispatch today editorially declared for woman suffrage. It has heretofore opposed woman suffrage.

GETTING READY FAR IN ADVANCE

By Associated Press Dispatch.

Columbus, O., November 9.—James Ross, chairman of the Franklin County Democratic organization and Chamber of Commerce officials today said

LATE BULLETIN

By Associated Press (3:30 p. m.)

Indications are that California has gone to Wilson by 2500. Republicans refuse to concede this.

North Dakota apparently has gone to Wilson by 1500 and many leading Republican papers concede state to Wilson. Vote is virtually all in.

New Mexico, with one-half of vote in, gives Wilson lead of 800.

Minnesota is virtually conceded to Hughes.

Chairman McCormick has issued notice to all State Chairmen to celebrate election of Wilson tonight.

The National Guard may hold the balance of power in Minnesota.

they would plan for an inauguration for James M. Cox when he returns to the state house January 1 as chief executive of Ohio, if it meets with the approval of the governor-elect.

A local citizens' committee may be formed to have charge of the inaugural, and nothing will be overlooked to make it a complete success.

Social functions were eliminated in the inauguration of Governor Willis, two years ago.

DEMOCRATS MAY RETAIN THE HOUSE

On Ascertained Results the Democrats in Lead—Sixteen Districts in Doubt.

By Associated Press Dispatch.

New York, November 9.—Returns on the election of members of Congress received up to one o'clock today showed 212 Democrats and 203 Republicans elected, with 16 districts not yet accounted for.

Seven of these 16 districts are normally Democratic in the present Congress and nine are Republican.

Should each keep to its present political affiliation, the account would stand Democrats, 219, Republicans, 212, which would give the Democrats a majority of three over the 212 Republicans and four representatives of other parties in the House.

HUGHES LEADING

By Associated Press Dispatch.

St. Paul, November 9.—Hughes still holds his lead in Minnesota, his plurality being in the neighborhood of 2,000.

IN WEST VIRGINIA

By Associated Press Dispatch.

Huntington, W. Va., November 9.—Hughes holds his lead in West Virginia by about 2,000.

CALIFORNIA'S VOTE CLOSER

Republican Chairman Claims Electors May Be Divided.

By Associated Press Dispatch.

San Francisco, November 9.—Chester H. Rowell, chairman of the California Republican State Central Committee, issued today at noon the following statement:

"Our figures, very carefully checked, show that we have the state by a very narrow margin. We are taking steps to safeguard an accurate official count."

"It is possible that the electoral vote may be split as it was four years ago. If this is the case, it elects Hughes, no matter which side has the long end of the division."

The last report from San Francisco says that 5510 precincts out of 5870 in California give Hughes 448,194, Wilson 451,702. Wilson's plurality is 3,509.

NOTHING DEFINITE UNTIL LATE

New Hampshire's Dramatic and Unexpected Switch Easily the Sensation of the Day's Count.

Hughes Leading in New Mexico and Minnesota, With Wilson Holding the Lead in California and North Dakota.

By Associated Press Dispatch.

New York, November 9.—If the result of the incomplete returns of Tuesday's balloting are accepted as final in all but five states at noon today the electoral vote would give Wilson 251 and Hughes 243.

The five doubtful states, with their electoral votes, are California, 13; Minnesota, 12; New Mexico, 3; North Dakota, 5; New Hampshire, 4.

The sudden switch of New Hampshire from a small Hughes plurality to 121 votes for President Wilson was the dramatic change in the situation this afternoon.

It came in an announcement from the Secretary of State that a partial official count of all the districts disclosed errors in tabulation by town and ward clerks to that extent. The official count is still progressing.

In Minnesota and New Mexico the incomplete returns show Mr. Hughes to have the lead, while in California and North Dakota, President Wilson is leading.

It is not expected that anything definite will be available until a late hour today.

DO NOT CONCEDE WILSON ELECTION

By Associated Press Dispatch.

The Republicans refuse to concede New Hampshire to Wilson. They claim that Hughes has carried the state by about 100 and assert that they have definite information of irregularities in counting the votes, and that they will have an inspection of all votes cast Tuesday as provided under the state laws.

The Democratic State Central Committee of California claims that Wilson is absolutely sure of winning the state by not less than 2,500.

Both sides are claiming Minnesota by about 1,000.

Wilson is leading in North Dakota by about 1,500 with 150 precincts not yet reported.

ARCHITECTS INVITED

By Associated Press Dispatch.

Washington, November 9.—American architects have been invited by the Government of Australia to participate in the international competition in designing the federal parliament house at the new capital city of Canberra in Australia and the date of closing the competition has been extended to January 31, 1917.

PLURALITY OF 80,000 FOR WILSON

Entire State Ticket of Democrats Elected By Majorities Ranging From 1000 to 27,000.

By Associated Press Dispatch.

Cincinnati, O., November 9.—Latest returns show that Woodrow Wilson carried Ohio by approximately 80,000, Pomerene by 27,000, and Cox and an entire state ticket by 10,000 to 20,000.

The complexion of the congressional body from Ohio has not changed with the receipt of later returns, 12 Democrats and 10 Republicans dividing the 22 seats.

TUMULTY CONFIDENT THAT WILSON WINS

By Associated Press Dispatch.

Long Branch, N. J., November 9.—Messages received by Secretary Tumulty at 3:30 o'clock this afternoon convinced him that President Wilson had carried New Hampshire and California, which, on the basis of states previously tabulated, would give the President enough electoral votes.

The New Hampshire message was from Senator Hollis and said that on a recount Mr. Wilson would carry the state by 500.

The President made no comment, preferring to await the full count.

VILLISTAS ADVANCING

By Associated Press Dispatch.

El Paso, Texas, November 9.—An official report reached General Funston's headquarters late last night that Ojinaga has been evacuated by the Carranza garrison, commanded by Colonel Rojas.

The advance of Villa troops in the territory south of Ojinaga was given as the reason for the movement. The report is without official confirmation.

TO HOLD SCHOOL OF AGRICULTURE IN THIS COUNTY

Howard M. Call, traveling organizer of extension schools of the Ohio State University College of Agriculture Extension Service, will be here November 15 to assist in the organization of the extension school to be held here December 11 to 15.

An extension school, says Mr. Call, is a week's instruction in agriculture and home economics. Specialists of the Extension Service of the Ohio State University are the instructors. Separate sessions are held for men and women. The instruction is divided into lectures, demonstrations and laboratory work. The subjects to be taken up at the local school are soils, crops, animal husbandry and home economics.

A general discussion of home economics will form the introduction of the women's work. Beverages, selection of foods, milk, farm meats and their preparation, eggs, bread making, cereals and their combination, preparation of vegetables and salads, and food standards are topics to be included in the study of foods. Clothing, care of the house from the viewpoint of sanitation, house furnishing and household management will be given careful attention.

The extension schools will be held at forty points during the month of December, January, February and March. Only one school may be held in a county. All of the cost of instruction, apparatus and traveling expenses will be paid from funds provided by the federal Smith-Lever Act. Local expenses, such as hotel bills, of speakers, hall rent, cost of materials used and local advertising are to be paid by the local organization. To meet this amount season tickets costing \$1 are to be sold. These may be obtained from the membership committee.

TROOPS ON BORDER AWAITING ORDERS

The Fourth Regiment, on the Mexican border, is now awaiting orders to entrain for home, and it is believed this order will come within the next ten days or two weeks.

No new trouble has developed on the border, and there is every indication that the troops will be sent back home before severe weather develops. Late reports indicate that all members of Company M are in good health and fine condition generally, and are as hardy a bunch of regulars as can be found on the border.

They are finding some relief in the border patrol, which has broken the monotony of camp life.

CONTRIBUTORS TO THE OHIO PYTHIAN

Among the contributions to the November issue of The Ohio Pythian, the official organ of the Knights of Pythias in Ohio, are H. M. Kinsbury of this city, and Hon. James M. Cox, of Dayton.

Mr. Kinsbury, who for a great many years has been the Keeper of Records & Seal of Confidence Lodge this city, writes of the recent big meeting of the lodge.

Mr. Cox, a member of the famous Iola Lodge, Dayton, writes in praise of Grand Keeper of Records & Seal, "Uncle Bill" Beatty.

WILL LINE UP S. S. BASKET BALL TEAMS

Within a short time the Sunday School Basket Ball League will be organized and the schedule arranged for a series of games to be played in the gymnasium of the Y. M. C. A.

Each Sunday School has some strong material for a team this year, and some very thrilling games will be staged.

The Y. M. C. A. will also put a representative team in the field, and the indications are that the winter will witness some excellent basket ball playing on the "Y" floor.

LEAVES THE CITY LOCATES NEARBY

Earl Smith, fined \$100 and the costs for resisting an officer, and given until Thursday morning to leave the city, or pay the fine or go to the workhouse, left the city, and later called up Mayor Oster to ask if five miles outside the city was a safe distance. He was informed that it was as long as he kept out of the city but if he comes back to the city the fine will be enforced.

REV. G. L. HART HIGHLY PRAISED

The Eagle Grove (Iowa) Eagle, in mentioning the resignation of Dr. G. L. Hart, of the Baptist Church of that city, to accept the pastorate of the First Baptist church in this city, says:

"Last Sunday morning Rev. G. L. Hart presented his resignation to his church to take effect the last Sunday in November.

"Mr Hart has received a call to a field he could not feel at liberty to decline. The call came from the Baptist church in Washington Court House, Ohio. It has a membership of about 200 and is an important factor in the Baptist associations of that section of the state. The call came to Mr. Hart after a thorough investigation of his work and qualifications. The decision then came after Mr. Hart at their request spent two weeks with the church. The city has a population of 8,000.

"While everyone in Eagle Grove sorely regrets the loss of Mr. Hart and family to this community it was the general expectation he would not be allowed to remain in so small a field, with such marked ability for larger work. His social qualities have made friends of all, and his unusual strength in the pulpit has been recognized and has attracted the attention of all in this section of the state.

"During Mr. Hart's three-years pastorate of the Baptist church of Eagle Grove it has been very materially strengthened along all lines, financially, materially and spiritually. Mr. Hart's conception of the pastor's work is to "Shepherd the Sheep," and he does this with winning affection and reviving grace.

His church realizing his fitness for a larger work than this field affords regrettably accept his resignation, and he will go to his new field followed by the keen interest and prayers not only of his own church, but of the whole community."

24 OUT OF 48 STATES ARE DRY

Six additional states of the Union went dry at the Tuesday election, bringing the total number of dry states out of the 48 up to 24, or one-half of the United States are now in the dry column.

The new states claimed by the dries are: Michigan, Idaho, South Dakota, Nebraska, Montana and California.

The nineteen states already dry are: Alabama, Arizona, Arkansas, Colorado, Georgia, Idaho, Iowa, Kansas, Maine, Mississippi, North Carolina, North Dakota, Oklahoma, Oregon, South Carolina, Tennessee, Virginia, Washington and West Virginia. In addition to the above other states are dry in part.

RAIN OF THURSDAY VERY BENEFICIAL

The rain of Thursday was just what Fayette county farmers have been wishing for during the past few weeks, not only to insure increased vitality of the fall sown wheat, but to make corn husking more agreeable and benefit the late pasture.

The rain also lays the heavy dust on the public roads and makes motoring and traveling generally more pleasant, not only in the rural districts, but in this city, where the dusty, filthy streets have been a sore spot for so long.

AUTOISTS MUST DIM HEADLIGHTS

Brilliant lighted automobiles have been causing increased annoyance of late, and the authorities are preparing to take up the matter and compel obedience of the ordinance requiring auto light be dimmed while in the city.

The blinding glare of some of the automobile lamps has caused much annoyance to other drivers, to pedestrians and all persons on the streets of the city.

The Welfare Association urges everybody to send any possible donations, clothing, furniture, dishes, hats, anything, to the Rummage sale at the Burke room, on Fayette street, Friday.

Receiving the News

The out come of the voting Tuesday for president of the United States developed what many close observers have been predicting for weeks that the election was certain to be one of the closest contests in the history of the nation.

Not since the campaign of 1892 when Grover Cleveland was declared to be the winner over Benjamin Harrison in the contest for president and that too on a revision of the first election return figures, have the people of the nation experienced so much uncertainty and been disturbed by such a conflict of reports as they are at the present time.

One of the most wholesome features in connection with the close count was the marked good nature of the crowds voting precincts and the voting ended political enemies became instantly the old personal friends. The reports were received by crowds made-up of men of strong and conflicting political convictions and holding deep seated partisan prejudices, discussed and reconciled with an entire absence of any personal clash.

Political foes met around the same table received and tallied the results announced without a jar.

That spirit is what makes this a great nation and this people a great people.

Only a few days and the disappointments of the 1916 campaign will have worn away and every thing will have resumed the even tenor of its way.

The Cost of Turkeys

The price of turkeys seems to be headed in the same general direction as the price of every thing else—up.

The prospect now seems to be that our Thanksgiving "bird" will cost about fifty cents a pound by the time the real necessity arrives. The indications now are that the turkey market will open at more than forty cents per pound and that means that as the demand steadily increases to become generally and country wide in it's scope by Thanksgiving day another eight cents at least will be added to the present market price.

Not so many years ago people could buy a good turkey for a dollar and a half to two dollars. Enough turkey for the Thanksgiving Day feast, cold for supper, warmed over for the next day's noon meal and hash for several meals following.

Not now. This year the center piece of the Thanksgiving feast—the spectacular roasted fowl lying prone upon it's back in the big platter with oyster "stuffin," sweet potatoes, mashed potatoes, cranberries, mince pie, pumpkin pie and so on grouped about will look something like seven dollars and a half.

Then all of the other side dishes the satellites of the feast will be increased in cost proportionately.

A Thanksgiving spread this year will be worth while.

At the present price of turkeys with the prospect of still higher prices yet to come it seems strange that some enterprising folks do not acquire several hundred acres of the hill land which may be had near about in any direction at a nominal cost, and convert it into a turkey range.

It appears to be a most alluring business prospect.

Our Nation's Wealth

The tremendous shipments of gold to this country from Europe in settlement of the enormous trade balances in favor of the United States, have created an unusual condition and one which is already causing the great financiers of the land no little uneasiness.

We are now burdened with vast and suddenly acquired riches. We are worried as to just how to keep the vast wealth employed so as to earn it's way. Instead of being worried about where the next installment of real basic money is to come from, we are now borrowing trouble as to what we will do with what we have.

That's a worry of rich people and it's now the worry of a rich nation. The United States is seeking safe and profitable loans right now for it's money.

There is another unpleasant possibility too and that is that European nations "strapped" of gold may adopt some other basic money.

There are trade problems and financial problems galore in store for the United States, but trouble with riches is better after all than to be troubled with poverty.

Poetry For Today

"JUST KEEP SMILING.
DON'T LOOK BLUE."
There's a saying oft you've heard,
Get busy;
'Tis a good and timely word,
Get busy;
Don't sit 'round, and knock and pine,
'Cause you fear you're not in line,
You can get ther, jes by tryin',
Get busy.

Fate, you say, has been unkind,
Get busy;
That old dame leave far behind,
Get busy!
Life, my friend, is up to you
Not what others say or do.
Just keep smiling, don't look blue,
Get busy!

Tricks are being won each day,
Get busy;
By the fellers who can "stay"—
Get busy!
Don't give up and cry "No show!"
'Cause the hand you hold is low,
Draw again, you'll make 'er go—
Get busy!

If in business ply your trade,
Get busy;
Fortunes are not won, but made—
Get busy!
Let the trade know you're in town,
Always up, and never down,
Why get sore and wear a frown?
Get busy!

SCANNING VOTES

**Wilson Keeps His Own Tabula-
tion of Electoral Votes.**

Long Branch, N. J., Nov. 9.—Con-
fident that he had been re-elected,
President Wilson scanned returns
from Minnesota, California, New Mex-
ico, Oregon and New Hampshire close-
ly because of assurances from his
campaign managers that the final out-
come depended on these states.

The president remained in his study
at Shadow Lawn getting returns by
telephone from Secretary Tumulty,
who had been on guard at the execu-
tive offices since election night.

The president kept his own tabula-
tion of electoral votes and checked it
up carefully after each report from
Secretary Tumulty. He received a

CHEERFUL
(By American Press)
New York, Nov. 9.—Chairman Vance
McCormick of the Democratic nation-
al committee personally called Presi-
dent Wilson on the long distance
telephone and announced that he
(Wilson) had been re-elected. Im-
mediately thereafter McCormick
made the following statement: "I
want to congratulate the country upon
the re-election of President Wilson as
president of the United States. I
stick by my original figures that he
has received at least 288 electoral
votes. I am sure that he will carry
some of the states that now are in
doubt."

Director of Publicity Robert M.
Wooley notified Secretary Joseph P.
Tumulty officially to notify President
Wilson that he had been re-elected.
"There is no longer any doubt of his
re-election," Wooley said. "The re-
turns now available are safe. The
president has been endorsed for a
second term."

In a Hurry—Telephone

Over Immediate

THE value of a Bell Telephone is particularly evident in emergency situations. It opens a quick way to relief.

Accidents, delays, hurried departures, unexpected ar-
rivals, sickness, fire, burglary—all come in this category.

Time, money, convenience—often life itself—depend
upon prompt communication, and the Bell Telephone
is always on duty and can be used in either situation.

If you are without Bell Service communicate with the

He will give you information as to rates and install your

Gloria's Romance
BY MR. and MRS. RUPERT HUGHES
Novelized From the Motion Picture Play
of the Same Name by George Kleine
Copyright, 1916, by Adelaide M. Hughes

SYNOPSIS.

Pierpont Stafford, with his daughter Gloria, is wintering at Palm Beach. Gloria is a vivacious but willful young lady who chafes under the restraining hand of a governess from whom she repeatedly escapes. Her childish capers cause young Doctor Royce to fall in love with her. Becoming lost in the swamps, she falls into the hands of the Seminole Indians. Five years later she leaves school and meets Frenau at the theater; he has forgotten Gloria. Gloria discovers in her sister-in-law, Lola, becomes intensely jealous and Doctor Royce discovers in her a suspicious are aroused. Royce endeavor-
s to show her the difficulty she faces. Gloria goes to David's country home. She meets Mulry who flees at once. Gloria is late on going to Palm Beach. Again she sees Mulry there. He leaves for the North. She is recognized by her one-time captor, the young Indian chief. He tells her that Royce and not Frenau was her rescuer at that time. Gloria attends night court; she sees Mulry there, also the tramp who attacked Frenau. But Judge Freeman releases him. She follows the tramp when he leaves the court and falls into the hands of hold-up men. She finds herself in a low saloon dance hall, and is selected by one of the patrons as his partner. Doctor Royce, however, follows her and when he attempts a rescue, calls down a riot on their heads. The hall is raided and the crowd, including Gloria and Royce, are arrested and taken before Judge Freeman. The newspapers feature Gloria's arrest. Reporters surround the house. Casimir arrives with the child Gloria promised to adopt. She orders Royce to take Casimir's wife to the Stafford home. She follows Trask and lands on a house-top to hear him accused of Frenau's murder.

from the yardstick or something. She hoped that the old barge did not have such a thing on board.

The nearer the tug came the louder the pilot and the crew yelled at her and the less Gloria wanted to meet them. She had never met any tugmen and she felt no ambition to get into their social set. It was growing so dark by now that they could not see who was at the tiller, and they kept calling her: "Trask" or "Oh, Jed!"

At length Gloria decided that she was not needed any longer. She had noted a little boat bobbing along after the barge and she felt that she might as well capture that. It was more nearly her size. She would be safer alone on a skiff than on the barge when the tugmen released that find of a Trask. He had planned to kill her before she tied him up. He would certainly do no less now that he had escaped. Jed had evidently picked himself up from the rocking-chair trap, untied Trask and unmuffled Nell. The three had been pounding and howling for some time. The hatch held for a while, but they were going at it now with something as heavy as a battering ram. It would yield soon surely and then where would she be?

She ran to the edge of the barge and hauled in on the painter attached to the little boat. The barge was swishing in the tide and it was trying to run over the skiff. But Gloria had no other avenue of escape. She hung across the edge of the barge and dropped into the skiff. Her aim was not very accurate and the river nearly got her. But she sat down quickly and steeled herself and the boat. She began to ply the oars with great engerness, but little success.

SIXTEENTH EPISODE

A Modern Pirate

People who raise children are sure of a life of surprises. They would have more than they get if they could see everything that goes on.

Pierpont Stafford had been kept pretty well surprised of late by his daughter's actions. In his haste he had said that she was probably "on that canal barge in the river." He did not expect to be taken seriously by the fates. But there his daughter was, at least on another barge, miles farther up the stream but drifting downward. She was in command of the ship, at the tiller, trying to steer the bulky hulk.

When Gloria saw that the captain of the tug had noticed the slight detail of the parted hawser and the lost convoy she was vexed. When she saw the tugboat turning around to recapture the barge she felt that it would be hard to explain about the prisoners she had fastened down in the cabin. She supposed it was mutiny or something for a passenger to tie up captain, crew and cook, and change the course of the ship. She believed that people who did that were usually hung

JAMESTOWN WOMAN RESCUES YOUNGSTER

Mrs. Jacob Hardesty of near Jamestown is winning praise just how as a result of rescuing her little nephew from an angry bull by using the business end of a pitchfork while driving her Ford toward the enraged animal.

The child had been freed by the bull, and Mrs. Hardesty went to the rescue in a Ford machine, and used a pitchfork in prodding the brute until it left the scene, after which the boy descended from the tree and was carried safely away in the hardy little Henry.

WOMEN ANXIOUS ABOUT ELECTION

Regardless of the fact that women cannot vote in Ohio, they are nevertheless deeply interested in elections, and particularly the election just held.

During the past 30 hours The Herald has received thousands of inquiries by telephone as to the result in the contest for president, and ninetenths of these calls have been made by women, the majority of whom apparently are anxious for Wilson to win.

THE FOOLISH--THE WISE

The foolish person is the one that will permit a cold to get the best of them. A wise person is one that will break a cold in its first stages. This is easily and cheaply done by taking Duffee's Cough Syrup. A dose taken every hour for 24 hours will break the most severe cold either in the head or in the chest. It will stop the cough that keeps you awake at night.

It only costs 25 cents for a large 6 ounce bottle and contains nothing that will injure the smallest babe. A bottle should be in your home at all times. Ask your grocer for it. 265 12

ELECTION RESULT YET IN DOUBT HANGING ON A SLENDER THREAD

Wilson Leads In California and Minnesota.

MAY SETTLE THE CONTEST

North Dakota and Oregon Now Claimed for Hughes by the Republican National Committee—New Hampshire Also Accredited to the Republican Candidate—What the Latest Returns Reveal.

New York, Nov. 9.—Returns show that the presidency is still in doubt. A few votes in the electoral college, will decide it.

President Wilson seems sure of 254 votes and Mr. Hughes of 224, with 266 necessary to a choice. California and Minnesota are the states with which the final decision is likely to rest. Both states are in doubt, with the president leading in California by 4,410, with 570 of 5,917 precincts still out, and Hughes is leading in Minnesota by 739, with 534 of 3024 precincts still to hear from. California

has 13 electoral votes and Minnesota 12. The vote of either would elect Wilson, if he holds what he seems to have.

West Virginia, with eight votes, also is very close, with a margin of only about 2,000 votes between the candidates.

The vote in North Dakota, with five electoral votes, with about 400 precincts to report, is practically a tie, with first one candidate, now the other, in the lead.

It is said in Minnesota that the result there may be decided by the vote of the National Guardsmen now on the border. This vote amounts to 2,800 and it will not be known for several days how it has gone.

Idaho, Kansas, Washington and Wyoming, although incomplete, still are leaning to President Wilson's column. New Hampshire was accredited by the secretary of state to Hughes by the narrow margin of 161 votes, but was claimed by the Democrats.

North Dakota is now claimed for Hughes by William R. Wilcox, chairman of the Republican national committee, who, after dining with Charles E. Hughes, said "I believe that Mr. Hughes has been elected and he shares my view. We ask only what is fair; we want only what we are entitled to and what we propose to have."

Auditor Donahue. "Several important Willis appointments to state boards and commissions were for unexpired terms which will expire within the first year of Cox's new administration."

ACT PROMPTLY

Governor Willis Makes Statement on the Result.

Columbus, Nov. 9.—Acknowledging his defeat, Governor Willis sent Governor-elect Cox this telegram: "I congratulate you on your election as governor of Ohio."

Governor Willis then issued the following statement: Statements by defeated candidates are odious. I have heard numerous explanations of the Democratic landslide in Ohio, but the only explanation that actually explains is a lamentable shortage of Republican votes.

The Democratic brethren have defeated us this time, but we have only just begun to fight and will win the next time. I take this opportunity to thank the loyal host of voters who supported us in the contest just closed.

Let us form anew the lines of battle and go forward to triumphant victory in the next campaign.

The Motor Truck Industry

Conservative investors should make a great distinction, in our opinion, between securities based on the manufacture of pleasure cars, and those based on the production of motor vehicles for commercial purposes. The one is a luxury, but the other is a commercial necessity of ever increasing importance. The older and more prosperous corporations that manufacture trucks exclusively, have before them, in our opinion, a very prosperous future.

We are offering the 7% preferred stock and the common (8%) stock of one of the most important corporations of this class in the United States. Prices, detailed information and financial statement will be mailed on application.

ive candidates, and it was evident plans were being made to demand recount, and in some cases to carry the contests into the courts.

Numerous conferences were held at both headquarters, and there were unconfirmed reports that Chairman Wilcox of the Republican National Committee had advised national committeemen in certain states to engage counsel in event that recount charges might be instituted.

It was commonly reported that recount proceedings will be instituted in all doubtful states.

Chairman Vance McCormick of the Democratic National Committee engaged special counsel to assist the National Committee in any legal steps it may desire to undertake.

Chairman McCormick did not make any charges of fraud, but said he desired to be in a position to take any legal action that might be necessary.

Quo warranto proceedings looking to a recount in New Hampshire are already under way.

Chairman Wilcox declared himself confident that Mr. Hughes had been elected.

"We only ask what is fair," said Mr. Wilcox. "and only want what we are entitled to. That we are determined to have."

"Gets-It" Never Fails for Corns!

There's Nothing on Earth Like It For Corns and Calluses.

"Whenever you get corns and calluses, don't experiment — Just use 'GETS-IT' and nothing else. Easiest and simplest thing I know to use — just a few drops on in a few seconds — 'GETS-IT' does the rest." The old way is to bandage up your toes in harnesses and bandages, use knives that make toes raw, cotton rings that "diggers" that tear your heart out and leave the corn in. No wonder they make you limp and wince. Forget all these — use "GETS-IT" — the simplest corn remedy in the world, easiest to use, never fails, sticks, painless. Your corns loosen, then you lift it off. You can wear smaller shoes.

"GETS-IT" is sold and recommended by druggists everywhere, 25c a bottle, or sent on receipt of price, by E. Lawrence & Co., Chicago, Ill.

Sold in Washington C. H., and recommended as the worlds best corn remedy by Brown's Drug Store and Blackmer & Tanquary's Drug Store.

Boats Go Home

(Associated Press Cable.) Rotterdam, Netherlands, November 9.—Thirty-three German and Austrian steamships that had been laid up in Dutch harbors since the beginning of the war have put to sea in the past seven months, 15 of them leaving in the month of September alone. Clinging to the coast, all would seem to have got safely to homeports, and a number of these ships have probably been placed in the German services to Scandinavian ports. Only twelve German and three Austrian steamships now remain in Dutch harbors, apart from four interned German vessels.

BRITISH ATTACKS BROKEN

Berlin Makes Announcement That Night Attack on Somme Front Failed.

By Associated Press Dispatch.

New York, November 9. — British attacks on the Somme front last night were broken up by the German fire, according to Berlin, which also announces the Germans lost the village of Brescire, south of the Somme.

The Roumanians are admitted by the German official report to have gained further ground in Transylvania in the Tulghe sector, but the Austro-Germans claim to have recaptured portions taken recently by the Roumanians near Bodza Pass.

London announces heavy artillery activity by the Germans on the Somme front north of the Ancre and says a German raid was unsuccessful.

MC GHEE'S ELECTION CONCEDED BY TURNER

By Associated Press Dispatch.

Columbus, O., November 9. — Attorney General Turner this morning conceded his defeat, and the election of Joseph McGhee, as Attorney General of the state.

NEW HAMPSHIRE IN THE SPOTLIGHT

By Associated Press Dispatch.

Concord, N. H., November 9.—The complete figures of New Hampshire, showing a plurality of 117 for Wilson presidential electors, are based on certified returns to the Secretary of state from 240 precincts out of a total of 294, added to press returns from 54 precincts.

The Secretary is checking up the press returns with those certified as the latter come in.

The two precincts which were missing until this afternoon, gave a total of 11 votes for Hughes and 7 votes for Wilson.

MORE SALUTING FOR BRITTONS

(Associated Press Cable.)

London, November 9. — Under a new army order officers have begun to salute officers of higher rank in the streets of London. The more frequented parts of the city are constantly congested with men in khaki and saluting already had become an exhausting business when indulged in between officers and men. But now the new ukase has gone forth as follows:

"When not on duty or parade, but in uniform, officers under the rank of field officers will salute all officers of field rank and upwards. Field officers and general officers will salute their superiors in rank."

This means that all officers in uniform below the rank of major must salute senior majors and officers of higher rank. It always has been customary for officers to salute the insignia of the Victoria Cross.

GREAT DEMAND FOR RESIDENCES

(Associated Press Cable.)

Stockholm, Sweden, November 9. —Thirty families, numbering more than 100 persons, are being sheltered in the town hall, the old people's home and other public buildings in Linköping because they could find no houses on October 1st, the autumn moving day in Sweden. While this is not a fair sample of conditions elsewhere in the kingdom's cities, the day has been what the press calls "a black October first" in many places, for the demand for rentable dwellings has greatly exceeded the supply.

The building trades were apparently the first to suffer from the war here as well as in the belligerent countries. Some new houses were erected but much fewer than in normal years. Then, to complicate the

situation, Stockholm found itself harboring a great number of transient foreigners, the number being variously estimated at 50,000 to 60,000. The result has been a scarcity of houses which is making itself keenly felt.

MILITARY SERVICE BOOSTING SPORTS

By Associated Press Dispatch.

Chicago, November 9. — Military service on the Mexican border has been the biggest boost Chicago's indoor sport has received in years. Athletic talent galore, was uncovered by the Chicago militiamen during their leisure hours in Texas military camps.

After four months of border service, the Second Illinois Infantry is planning the creation of one of the strongest athletic organizations in the west. Athletes of every nationality are represented in the regiment. The list includes soccer players, who learned the game in half a dozen countries on the other side of the Atlantic; distance runners, boxers, base ball players, pole vaulters, wrestlers, basketball players, hurdlers, discus throwers and a heavy squad of football players.

"Our regiment has one of the largest and best equipped gymnasiums in the state," said Lieutenant D. L. Loughborough, who has been appointed athletic director of the regiment. "There are two or three hundred men in the regiment who will develop into high class athletic material."

Plans already are under way to take the regimental track team to New York and other eastern cities for meets with other military organizations which served on the border. Return meets will be held in Chicago.

CAR SHORTAGE NOT SO ACUTE

By Associated Press Dispatch.

Columbus, November 9.—While the State Utilities Commission received reports today that there was some improvement in the car shortage situation in Ohio, officials of the Hocking Valley and the Toledo & Ohio Central Railroads said the situation was still acute.

Superintendent Torey of the car service of the Hocking Valley said reports today on their line showed many coal cars were being diverted from the coal mines for hauling finished material from the mills, over which the railroad has no control.

ACCOMMODATIONS SERIOUS PROBLEM

(Associated Press Cable.)

London, November 9. — Hotel accommodations in London are becoming a serious problem. The government has taken over a number of well known hotels for various war bureaus and two of the largest clubs in the city recently were commandeered.

The result of this demand for room has been a marked rise in prices. One of the better hotels, patronized largely by Americans and Canadians, has just announced an increase of forty per cent in the price of all rooms.

Cafe prices are following the upward trend, and the greatest complaint heard is that the size of the portions decreases as rapidly as the price moves upward.

NEW SPORT

(Associated Press Cable.)

Paris, November 9. — Throwing the grenade is becoming a popular form of sport in France. A special chevron has recently been designed to be worn on the arm of the best grenade thrower in each company. Besides the army, the sporting clubs have taken up grenade throwing, and grenade matches now take the place of throwing the hammer, the discus, etc.

It is claimed that some of the soldiers have thrown a grenade 253 feet but this is challenged by the sporting experts on the ground that the throw was not made before a regular organization and was a free-arm throw. According to the regulations, a grenade cannot be thrown straight from the shoulder, like a baseball, but is given a swinging overhead throw, much as a cricket ball is bowled.

WOMEN'S CLOTHES

Washington, November 9. — Four hundred and seventy-three million dollars worth of women's clothes was the output of American manufacturers in 1914 the Census Bureau announces in its latest summary. That does not include the output of dress-makers. The industries engaged in their manufacture employed 198,685 persons. Capital invested was \$153,549,000 in 5,564 establishments.
